- 1. Take Your Pick** - Browse the pages of our getaway planner and circle the activities, lodgings, and restaurants that would best fit your getaway. And be sure to check the ads for special church group amenities and discounts!
- 2. Put Picks on The Planner** - Determine approximately how many persons will be in your group; decide on tentative dates; (rates and availability are affected by seasons and even days of the week), then pencil in your picks for ez reference when you place your call.
- 3. Pick A Number** - Now with planner in hand, call any of our lodging sponsors. They can put your whole getaway together. They can get tickets, book meals, handle deposits, and keep you free from all the details and headaches! Each one specializes in catering to the needs of church groups. Another option is to call a local travel professional known as a "receptive". (on this pg.)
