Welk Resort General Manager Dathan Atchison explains the mindset behind the resort's newest added value.

by Richard Frehofer, Editor & Publisher

Generous with amenities, yet easy on the pocketbook—Branson's beautiful Welk Resort is a full service destination. For a church getaway—it's the total package. The resort's dedication to excellence and service is all about values, a corporate buzz word that management and staff takes to heart. As General Manager Dathan Atchison puts it; "We know how important value is. Not just the value of a dollar, but the value of time; time we spend with the ones we love—the value of every moment spent building memories that last a lifetime."

With that being the driving force of the Welk organization—it's not surprising that values added on to the Welk Resort experience just keep on coming.

This year it's the debut of one of the resort's most ambitious add-ons; the \$ multi-million *Splash-A-Torium* Indoor & Outdoor Water Park—and it's *free* to lodging guests! With on-site miniature golf, a game room, a state of the art fitness center and live entertainment featuring the stars that are most prominent in the soundtrack of our lives, the values and memorable experiences are just too good for any church group to pass up!
